To Whom it May Concern,

This letter is to support Somerville Media Center in Somerville, MA. I am a former employee (2010-2014) and I found the organization to be an important community activity center that attracted a wide and diverse population interested in expressing themselves through media. The staff have been uniformly excellent and welcoming facilitators and the equipment and studio facilities are an incredible place to gain professional skills. While I have many great memories of my time at SCATV/SMS, I will never forget the day that Governor Deval Patrick visited the studio and I was able to direct an interview program of Mr Patrick delivering a public awareness campaign. Mr Patrick was highly complimentary of the studio, the staff and our service. Please know that I am one of many concerned citizens who do not want to see this resource disappear.

Sincerely,
